## Chapter 1: How You Approach Life and How You Appear To Others

### *Sagittarius Rising:*

High-spirited, enthusiastic, and exuberant, you love adventure, change, exploring new territory, and are not happy confined to the same safe, familiar, secure little world all the time. You have a strong restlessness and yearning for something greater than anything you've yet experienced, and you often live in your dreams and visions for the future. You tend to believe that the grass is greener somewhere else and you like to keep moving, either literally or figuratively. Idealistic and optimistic, you always expect something better ahead. You love to have a goal, something to aim for, but once you achieve it you are on to something else. You are ever on the lookout for new opportunities and you are a gambler, willing to take risks and to break new ground. The possibility of discovering something new is what makes life interesting for you. You have great faith in life and bounce back quickly from disappointment and failure.

Freedom-loving and independent, you cannot tolerate being caged for very long, and friends and loved ones must respect your need for freedom of movement. Binding commitments and responsibilities often weigh heavily upon you and you may resist "growing up" and taking on the limitations of adult life.

You are friendly and outgoing and have a great sense of fun and playfulness. You are also philosophically minded and often quite outspoken about your convictions and beliefs. Sometimes you get carried away with your enthusiasm of the moment and you tend to exaggerate. You are often a big talker, full of big promises, and you are usually pretty convincing. You do everything in a big way, a generous way. You like to have the best, and you heartily dislike stinginess, littleness, or pettiness. Your vision is always large. You are able to perceive the big picture, general patterns and principles, and are well suited to politics, business, higher education or religion.

Other people see you as a good sport and a good friend, but one who is not always consistent and dependable. You may also be seen as a wise person since you do not get bogged down in pettiness and trivialities, and are able to communicate a larger way of looking at situations, one that opens up new potentials. You are a person who believes in miracles, grace, or just plain good luck, someone who never gives up on life, and you inspire and encourage others to keep looking forward.

## Chapter 2: The Inner You: Your Real Motivation

### *Sun in Cancer:*

You have powerful emotional attachments to the past, your family, your childhood, those places you associate with safety and security and your beginnings. Maintaining a connection with your roots and heritage and keeping family bonds strong are very important to you. Loyal, devoted, and sentimental, you tend to cling to whatever is dear to you, be it person, familiar place, or cherished possession.

You are sympathetic, nurturing, supportive, and very sensitive to the emotional needs of other people. You like to be needed, to care for others, and you often worry about the people you love. You have a very strong need for a sense of belonging and acceptance, and you center much of your life around your home. You are more concerned about people and their feelings than with power, achievement, or position in society. Kindness, consideration, and tenderness impress you more than

any sort of honor the world can bestow.

You are primarily emotional and your views are often dominated by your feelings and by your own personal, subjective experiences, rather than reason, logic, or abstract principles. It is difficult for you to judge situations in a fair, objective manner for your personal sympathies and loyalties usually enter in. You take things very personally, and sometimes build a wall around yourself to protect yourself from pain and rejection. You feel rather shy and vulnerable at heart. You also tend to be moody, experiencing frequent emotional ups and downs. You need to have a place and time in your life to withdraw, introspect, dream, and replenish yourself; otherwise you become cranky and unhappy with those around you.

You function in an instinctive, nonrational manner and like to immerse yourself in creative activities where you can express your feelings, imagination, and instincts. You often love to cook, since it can be both creative and a way to nurture and nourish others. You also have a great affinity for music, because it evokes and communicates feelings that may be difficult or impossible to put into words.

Your compassion, sensitivity, and imagination are your strong points. Your faults include an inability to release the past and go forward, clannishness and prejudice, and a tendency to be self-pitying when you meet hardships in life.

#### *Sun in 7th house:*

You invest a tremendous amount of your creative energy into your relationships with others, particularly your marriage or other close partnerships. You feel you need others in order to be all that you can be, and you are disinclined to solitary activities and endeavors.

Working with people on a one-to-one basis to bring about mutual understanding, harmony, and satisfaction is an area in which you can really excel. Counseling or negotiating are talents of yours.

#### *Sun Conjunct Uranus:*

Innovative, original, unorthodox, and unconventional, you identify with the role of rebel, reformer, or iconoclast. You insist upon a great deal of personal freedom and do not easily adapt yourself to others' needs and wishes. You need a lifestyle that allows you to be spontaneous. Often you feel that you are somehow different from other people and outside the mainstream of society.

#### *Sun Square Neptune:*

You are extremely sensitive and imaginative, and you can get lost in your dreams, fantasies, and visions. You are attracted to artistic and creative pursuits, the world of color, beauty, and emotion. You are also drawn to mysticism and have deep spiritual aspirations and yearnings. Gentle and peace-loving, you may lack the will and competitive spirit needed to make your way in the world. You are often impractical and may seek to avoid or escape the hard realities of life.

### **Chapter 3: Mental Interests and Abilities**

#### *Mercury in Cancer:*

You are highly interested in inner, subjective, and personal issues, and your thinking is based more on feelings, intuition, personal experiences, and prejudices rather than reason or logic. Intellectual abilities and accomplishments without heart or soul mean little to you. You are empathic and would be an excellent counselor, for you are a sensitive listener and deeply interested in a person's feelings and

inner life. In addition to psychology, you are drawn to education, art, poetry, music, or mythology. You are not especially confident about speaking in public, but will open up and share your thoughts in small, intimate groups. You enjoy keeping a diary or personal journal and reading the chronicles of others' lives and personal development.

*Mercury in 7th house:*

You are often involved in verbal exchanges, interviewing, discussing, debating, counseling, negotiating, getting and giving feedback, and sharing information. You are drawn to intelligent and verbal people, with whom you can communicate and from whom you can learn. You love to have an audience to hear your ideas, and you also appreciate eloquent presentations by others.

*Mercury Conjunct Jupiter:*

You enjoy philosophical speculation and theorizing about abstract ideas and concepts. You are interested in the broad view, universal principles and systems, seeing connecting relationships and patterns, and seeing the whole picture rather than its component parts. You have a great respect and thirst for knowledge and education, and are the proverbial "perpetual student". You also have a talent for teaching and sharing your knowledge, and as a teacher you present yourself as a fellow participant in the ongoing quest for understanding rather than as an authority.

You may become involved in television, publishing, or other fields that involve sharing ideas with large groups of people. You excel in areas that require long-range planning and foresight, and can therefore be very successful in business, but you are rather sloppy and haphazard when it comes to implementing your ideas in a concrete way. You should leave it to someone else to take care of the details. Travel or long-distance contacts and communications will play a large role in your life and work.

#### **Chapter 4: Emotions: Moods, Feelings, Romance**

*Moon in Aquarius:*

You are not easily moved by emotional displays and can be curiously detached from your own and others' emotions. It's almost as if you could turn your feelings on and off at will so you should be careful not to leave the switch "off" too often, for you could easily become too impersonal. Family ties and attachments are not as important to you as they are to most people and you often consider your friends closer to you than your blood relatives. Certainly, your sympathy and concern extends much beyond your immediate family. In your personal relationships, you insist upon a certain amount of independence and the freedom to pursue friendships with as many people, of both sexes, as you choose. You do not appreciate a jealous, possessive partner.

You feel comfortable in an atmosphere that is open and experimental, and you have little taste for convention and tradition.

*Moon in 2nd house:*

You are likely to be a great collector of things - a real pack rat in fact - for your belongings give you a sense of security and continuity with the past, which is important to you. Antiques or things with sentimental value from your past are especially dear to you.

You may also cling rather tightly to both money and possessions, keeping them "in the family" rather than sharing freely with those outside of your immediate circle.

#### *Venus in Virgo:*

You are quietly devoted and faithful to your loved ones, and often become a kind of servant to your love partner. You are more comfortable showing love for someone by doing something for them, making something for them, or simply being there for them - rather than telling them so in a romantic, soul-stirring sort of way. You are timid about expressing too much sentiment or emotion. You also underestimate your attractiveness and lovability and doubt your own worthiness to receive love and appreciation.

#### *Venus in 8th house:*

You crave very intense, deep, emotional relationships, and would even prefer a stormy, tumultuous relationship to one which is smooth but lacking vitality and passion. You love wholeheartedly and expect all-consuming, total devotion and attention from your partner. Casual, light relationships hold no appeal for you.

#### *Venus Sextile Saturn:*

Loyalty, fidelity, and security are very important to you in love. You are cautious about giving your heart away but true to the one who does win your love. Your tastes are simple, even austere, and you do not appreciate frivolity. You are interested in a person's character and inner qualities far more than their appearance. Casual or superficial relationships don't interest you at all, for love seems to get deeper and richer and more satisfying for you with time.

### **Chapter 5: Drive and Ambition: How You Achieve Your Goals**

#### *Mars in Sagittarius:*

You are aspiring, enterprising, and forever following some bright and distant star, planning some new venture or investigating new potentials. You are definitely "upwardly mobile" in either a material or spiritual sense (or both). You aim high and are not content simply with a quiet, secure existence. You like to stretch your limits, to see how far you can go, and to take risks. You are a positive thinker, expect success for yourself, and are philosophical about failures. You are flexible and bounce back from disappointment rather quickly, usually with another hopeful new idea you want to try. Your enthusiasm and confidence are contagious and enable you to enlist the aid and support you need for your projects. However, you sometimes promise more than you can actually achieve, due to over-optimism or insufficient attention to the practicalities involved.

You also tend to get distracted and to have too many things going at once. Although it is very difficult for you, there are times when you simply must develop commitment, perseverance, and persistence in order to make your dreams and goals a concrete reality. Too often you fall short of what you could attain because you are unwilling to persist through the difficult or less exciting times.

You also enjoy competition and usually do not take it too seriously. Either sports or entrepreneurship would be good ways to channel your energy.

#### *Mars in 1st house:*

You are a doer and an achiever. Energetic, courageous, and often impatient, you will forge ahead with your plans regardless of others' reservations. In fact, you often feel other people get in your way and you prefer working on your own. You are active, assertive, and rather competitive as well.

### *Mars Trine Pluto:*

You have a strong sense of mission and you instinctively know that to achieve anything great, one must eliminate superfluous activities, and give oneself wholly to the goal one wishes to accomplish. Your zeal, enthusiasm, and clarity of purpose enable you to succeed and to achieve whatever you aim for. You have a strong will, but you are usually quiet and understated about it.

### *Mars Sextile Neptune:*

You dream up creative solutions to problems and take an imaginative, unusual approach to getting a job done. When difficulties arise you prefer to avoid conflict and confrontation in favor of more peaceful or subtle methods of resolving problems. Working to help others or for a cause that transcends your own narrow, personal interests is satisfying for you. You have an artistic flair and appreciate the colorful, unique, or strange.

## **Chapter 6: Other Influences**

### *Jupiter in Cancer:*

You make others feel accepted and comfortable. You have a knack for breaking down feelings of alienation and you make others feel included and a part of group activities. You have a loving, protective side that wants to take care of everyone. Creating a supportive atmosphere that is nourishing both to yourself and to others is one of your strengths.

Also, your home and heritage are important to you, and you maintain close connections to your past.

### *Jupiter in 7th house:*

You are a very sociable person, and you need to reach out and communicate with many different people. You are interested in what others can teach you and are drawn to those with more knowledge or breadth of experience than yourself. You expect a high level of integrity and sincerity from others and you do not tolerate pettiness or hypocrisy in your close friends or marriage partner.

You also need freedom and want a partner who will support your need to keep learning and growing, who will not limit you or set too many boundaries. Your marriage is likely to be very satisfying and rich.

### *Saturn in Scorpio:*

You both yearn for, and fear, being emotionally vulnerable with others and experiencing deep emotional intimacy. Trusting others and letting yourself be known in a deep way doesn't come easily to you, and sexual inhibitions may result from this. You are very self-protective and may be compulsively secretive. Learning to relinquish control in personal relationships, and to be completely open, are important tasks for you.

### *Saturn in 10th house:*

You are very conscientious, responsible, and concerned with your duty, your public image and reputation, and becoming a person of stature in the world. You understand the need for hard work and careful planning in order to accomplish anything substantial and you're capable of much self-

discipline and patience once you set your sights on a goal.

But you are very judgmental and hard on yourself if you fail to attain success, and you can become dry, bitter, or cynical if the world doesn't recognize your efforts.

*Uranus in Cancer:*

You are part of a 7 year group of people who have a strong need to feel unrestrained by family ties and personal heritage. Your age group tends to find personal relationships very restrictive, and also tends to feel alienated and distant from family ties and concerns. Forming long-term personal relationships is difficult for your age group, and divorce rates are high in your group. However, you are an emotional and sensitive group also, and this instability is painful at times. Finding personal freedom and closeness with others at the same time is a big challenge for you.

*Uranus in 7th house:*

You need a lot of freedom in your close one-to-one relationships and you may experiment with nontraditional forms of relationships. You rebel against conventions and restrictions when it comes to marriage or personal relationships, and you're likely to choose a highly unusual, eccentric, or unconventional partner.

*Uranus Square Neptune:*

You were also born during a period that lasted approximately 5 years and is characterized by an unusually high degree of imagination and sensitivity. You are part of a group of people who are very inspired but also unstable. The bizarre and unusual are standard fare among your age group. Your generation also inspires intense political movements that are often fanatical or unreasonable in their goals.

*Neptune in Libra:*

You are part of a 14 year group of people who have a very idealistic sense of brotherhood and universal cooperation, which, among other things, fostered the peace and freedom movement. Your age group is also interested in the spiritual philosophy and ideals of other cultures, and is not at all dogmatic in its approach to religion. You incorporate the approaches of other religions. Your age group tends to have an eclectic approach to religion, utilizing elements from many religious perspectives (e.g. Eastern and Western), and finds it difficult to follow traditionally defined religious practices.

A gullibility and an unwillingness to be decisive and judgmental inclines your age group to be easily deceived, and consequently many of the well-intended ideals and goals are frustrated by a lack of clear purpose and direction.

*Neptune in 10th house:*

You are a very idealistic person, and you want to see your ideals, hopes, and dreams made concrete and real in the everyday world. You are driven to put your ideals into action.

When young you may be rather aimless or confused about your place in the world. In early adult life it is likely that you struggle to find ways to express your imagination, fantasies, and ideals in your career. Work that involves compassionate service (such as medicine or the ministry) may be your calling. If you lack personal integrity and honesty, you quickly go to the opposite extreme and you can con others through dishonesty and trickery. Music, art, film-making or entertainment are also areas in which you are well-suited.

*Neptune Sextile Pluto:*

The entire generation to which you belong has tremendous opportunities for spiritual rebirth and awakening. This will not be forced upon you or precipitated by unavoidable events, rather it comes from an inner yearning and a natural propensity to seek the depths.

*Pluto in Leo:*

You are part of a 20 year period that is often referred to as the "ME" generation, a generation that has a very proud and self-reliant attitude. You are a generation that is very concerned with self-development and personal integrity. Women's rights and minority rights are issues that your generation has fostered and they reflect your concern with individual respect, integrity, and honor. Your age group has a deeply felt sense that each person has an equal right and opportunity to fully develop his or her inner potential.

However, your group also finds it difficult to be part of a team and a strong egotism makes group efforts difficult; you tend to see the individual as more important than the group. You also defy authority and often feel that no one has the right to tell you what to do. The strong movement to refuse drafting into the military is one example of your age group's strong sense of individual rights and freedom.

Your age group has popularized the idea of self-development, and has contributed a great deal to the development of individual potential as well as human rights. However, there is also a tendency to be rather self-centered; others may wonder how you can spend so much time developing yourselves and have so little time to contribute to your families!

The interest in personal development also sometimes manifests as a fascination with particular individuals and a great deal of hero worship. Every generation, of course, has lots of idols, but your generation is particularly prone to needing a specific individual to represent and embody an idea or feeling, and to serve as a focal point of interest. Perhaps the most extreme example of this is the concept of the guru that was popularized by your age group.

*Pluto in 8th house:*

You are a person of great depth and have a deep interest in the hidden or darker side of life. Issues and experiences others shun, you are drawn to and compelled to examine. The use and misuse of personal, social, and political power intrigues you. Death is also an area you are fascinated with and may explore in depth. You may have many experiences in which you are forced to burn your bridges and start over again.
